Work Experience

Student Lead

Feb. 2026 – Present

Cal Poly Information & Technology Services – Service Desk

- Train, recruit, and interview student assistants while leading and mentoring new hires to maintain efficient support operations.
- Provide technological support for the Cal Poly community, assisting with 1250+ support tickets and independently resolving 200+ issues.
- Communicate with appropriate support tiers with ITS when escalating complex technical issues to ensure timely and accurate resolution.

Student Assistant

Feb. 2025 – Feb. 2026

Cal Poly Information & Technology Services – Service Desk

- Provided in-person IT Support and consultation to students, faculty, and staff, handling hardware issues, ID badge printing, password resets, and technology rentals.
- Troubleshoot campus-wide technical issues using the Atlassian Suite, ensuring efficient documentation of recurring problems in Confluence.
- Managed over 40+ weekly inquiries through the Mitel/MiCollab Web Agent, ensuring accurate call routing and escalation to appropriate departments, resulting in faster service turnaround.
- Enhanced the customer support process by maintaining professional communication, leading to a personal satisfaction rating of a 4.8/5 average on internal surveys.

Awards and Leadership

SkillsUSA CA State Champion in Web Design and Development

May 2024

- Designed and developed a responsive website for a non-profit organization using HTML, CSS, and JavaScript under a 2-hour timed competition, winning 1st place among 40+ participants statewide.

Week of Welcome Leader

Sept. 2025 – Oct. 2025

Cal Poly New Students & Transition Program

- Guided and mentored a group of 20+ incoming students, helping them acclimate campus life, academics, and community involvement during orientation week.
